

## JOINT TESTER

### **Dimensions**

Equipment Weight - (kg).....: 1

### **Type**

Description.....: Internal Joint Tester

### **Flow / Pressure / Volume**

P-max (bar).....: 29  
Nominal Pipe Size (Inches).....: 1.50  
Nominal Pipe Schedule.....: XXS  
Plug Outside Ø (mm).....: 36.3  
Range of use - Minimum (Ø mm)....: 36.7  
Range of use - Max recom.(Ø mm): 40.0  
Plug Length (mm).....: 191

### **Connections**

Inlet connection.....: 1/4" BSP

### **Additional information**

Equipment / Functions.....: Plug Installation length: 156.4mm  
Distance between seals: 54.8mm
