Unit no. TBPS-16-03

IKM Testing AS

PLUGG TESTBALL SETT 16"

Dimensions

Length(mm).....: 1168 Width(mm).....: Height(mm).....:
Equipment Weight - (kg).....: 12

Type

Item type.....: Plug Test ball set - Multi-Flex
Fabricator.....: Peterson
Model.....: 115-016-X

Flow / Pressure / Volume

Operating Pressure : 2.07
Back Pressure (bar): 1.04
Plug Outside Ø (mm: 140.0
Range of use - Max recom.(Ø mm).: 406.0
Plug Length (mm).....: 1168

Additional information

Equipment / Functions.....: - High expansion applications
- Hydrocarbon Resistant
- Small deflated diameter and flexibility navigates small openings
- Connect in series for double block and bleed
- Conforms to most pipe shapes
- Very small storage area
