

VCI+ SPRAY

Type

Item type.....: IKM Alfa Solution Pro CARDO VCI+ Spray
Item no.....: AS-PGSPRAY
Characteristics..: Corrosion protection, de-watering, cleaning, industrial use. The main benefits of corrosion protection with multi spray includes high wear resistant, lengthening the service lifespan, as well as better protection against aggressive environments such as immersion in sea water
Unit of delivery...: Package a' 12 ea Spray bottle 500 ml

Technical Data

Function.....: The main benefits of corrosion protection with multi spray includes high wear resistant, lengthening the service lifespan, as well as better protection against aggressive environments such as immersion in sea water
Application.....: ProGARDO VCI Multipurpose Spray provides an effective corrosion protection for both in-process storage during and after operation storage. It protects metals through direct contact and vapor action.
The ProGARDO VCI chemicals deposit on the metal surface and form a protective mono-ionic layer, which provides a long term protection to the parts.
Protection Properties.....: ProGARDO VCI Multi Spray. Cleans, lubricate and protect all metal against corrosion
Storage.....: Store in a cool, dry place and away from sunlight in original packaging

Other Information

Application type.....: - Pipes and Support
- Welds
- Cable Racks
- Switch and Control
- Cabinets
- Battery Containers
Safety.....: The product is not classified as hazardous according to Directive 67/548/CE and subsequent Adaptation to Technical Progress, Regulation 1272/2008/CE and subsequent amendments
Other.....: Available in 500ml / 2,500 and larger cans/ barrels on request.
