

LIGHT PROBE UNIT

Type

Item type.....: LIGHT PROBE UNIT
Fabricator.....: FINNSUB
Model.....: FINN LIGHT 2200
Serial no.....: S/N: 1508109

Additional information

Equipment / Functions.....: single LED 2000 lumen
 5° focus beam
 clear spot for effective signaling
 3 modes of operation - 2000lm / 1000 lm / 200 lm
 overheating protection
 Li-Ion accumulator
 running time - 2,5 h in 2000 lm mode, 5 h in 1000 lm, 24 h in 200 lm
 discharging and overcharging protection
 resistant aluminium alloy body
 borosilicate glass
 anatomic Goodman handle
 operational depth up to 200 m (655 ft)
 weight on surface 760 g including handle
 weight under water 300 g
 European made!
