

Unit No. NT-190

NITROGENTANK LAVTRYKK 6-10 BAR

Dimensions

Length(mm).....: 2990 Width(mm).....: 2437 Height(mm)....: 2591
Lifting/ Transportation.: Frame with forklift channels and lifting slings are certified in acc. to DNV 2.7.1.
Certificate(s) / Serial BI1095
No:

Construction year

Built.....: 2023

Area of use / certification

Onshore/offshore.....: Offshore

Technical information

Tank Volume (ltr).....: 7924
P-max (bar).....: 6
P-max Transport (bar)...: 2
Vaporization.....: Approx. 0,5% of total volume/day

Connections

Inlet connection.....: ACME NI 150
Outlet connection.....: ACME NI 150

Filter

Inlet Filter house.....: Washable strainer
