

NITROGEN TANK 24 BAR

Dimensions

Length(mm).....: 6058 Width(mm).....: 2438 Height(mm).....: 2591
Weight - Tara (kg).....: 9200 Weight - Payload (kg).....: 26800 Weight - Gross (kg).....: 36000
Lifting/ Transportation.....: Frame with ISO corners
ADR RID - PT2
IMDG - 10
IMO T75
Certificate(s) / Serial No:.....: 1716 (Serial no. frame: NT-72)

Construction year

Built.....: 2009

Area of use / certification

Onshore/offshore.....: Offshore

Flow / Pressure / Volume

Tank Volume (ltr).....: 20566
P-max (bar).....: 24

Connections

Inlet connection.....: ACME NI 150 Male
Outlet connection.....: ACME NI 150 Male

Additional information

Equipment / Functions.....: TANK SHALL NOT BE FILLED MORE THAN 95% (19538 ltr)
