

FLANGE SPREADER

Dimensions

Length(mm).....: 680
Weight - (kg).....: 18
Equipment Weight - (kg).....: 8

Width(mm).....: 565

Height(mm).....: 180

Type

Description.....: Mechanical flange spreader
Fabricator.....: Equalizer International
Model.....: Secure Grip, SG6TM

Content

Content.....: 1 ea. SG6TM Tool
1 ea. 150 mm (6") Vernier Calliper
1 ea. 3/8" Drive Torque Wrench and 21 mm Socket
1 ea. Safety Block
2 ea. M24 (7/8") Collets
2 ea. M27 (1") Collets
1 ea. Instruction Manual
1 ea. Carry Case with protective foam inserts

Flow / Pressure / Volume

Power Source.....: Mechanical
Maximum Spread (mm).....: 80
Torque max. (Nm).....: 108
Spreading force (tons).....: 6.0
Flange Size/Type.....: Usable on flanges with Bolt Sizes M24, M27, 7/8", 1"

Additional information

Equipment / Functions.....: For ANSI, DIN, SPO, ASME, API and BS flanges

It is recommended that tools are used in pairs giving: $2 \times 6 \text{ T} = 12 \text{ T}$ (120 kN)
